## LAND CLEARING DEMONSTRATION ON TODAY

### BRUSH MOWERS AND STUMP PULLERS FILLERS AND PLOWS

BIG FEATURE WAS BLOWING UP AN ACRE OF STUMPS AT GEO. MCKAY FARM

### DEMONSTRATION WORK OF LAND CLEARING ASS'N, UNIVERSITY AND MANUFACTURERS

Land-clearing up-to-date, with brush-mowers, stump-pullers, pierid acid for blasting, tractors for pulling and piling, stump hole fillers, and big plows for breaking the newly cleared land was demonstrated in a striking manner for the benefit of Crow Wing county farmers at the George McKay farm today.

The demonstration was the work of the Crow Wing County Land-Clearing Association and representatives of the University of Minnesota, and co-operators from among the manufacturers of land-clearing equipment. Among these manufacturers were:

The Ford Motor Co., with tractors and breaking plows, a straight tandem disk, a tractor stump-puller, and a stump hole filler.

The Deere Weber Co., with a Waterloo Boy tractor and two breaking plows and a brush-mower.

The Cleveland Tractor Co., with two tractors and breaking plows.

The Martinson Manufacturing Co., Duluth, with a hand stump-puller.

The Crookston Manufacturing Co., with a brush-mower.

The Pennsylvania Gasoline Drill Co., of Philadelphia, Pa., with a new drill for boring holes under stumps and into rocks for blasting.

The Atlas Powder Co., with a representative from its Houghton, Mich., branch to demonstrate the use of special explosives.

The Roller Harrow & Manufacturing Co., of Duluth.

The Crow Wing County Land-Clearing Association had made all of the preliminary arrangements, under the direction of E. G. Roth, county agent. The representatives of the University arrived last evening, in the party being William Boss, head of the division of farm engineering at University Farm, St. Paul; M. J. Thompson, head of the state experiment farm at Duluth and one of the land-clearing specialists of the University; A. J. Schwantes, land-clearing specialists of the University; J. B. Torrance, gas engine specialist of the University, and H. A. Mattson and R. V. Whitely, assistants, also from the University. The train bearing the equipment used at the demonstration arrived this morning over the Northern Pacific road, which with the Great Northern and the Soo roads is carrying the equipment through the various northern counties in which similar demonstrations are to be given this week and next. The university men and the various crews of co-operators were up at six o'clock this morning, and by seven were at work getting their machines and ammunition unloaded and out to the McKay farm, in order that a full day's work at land-clearing might be done.

The crowd began to arrive early and found the operators in full swing. One of the big features of the day was the blasting of a whole acre of stumps at one shot. This was a spectacular performance. The stumps had all been mined in advance, and at a given signal a lever was pushed and stumps and dirt flew into the air.

The idea back of the demonstration is to stimulate activities throughout northern Minnesota in developing a great farming area. Land-clearing associations have been organized in many of the counties, as in Crow Wing, and the work is going forward rapidly. The government is aiding by placing at the disposal of the farmers of the country explosives left over from the war—pierid acid, chiefly. Of this explosive Minnesota has been allotted 75 carloads, or 1,488,000 pounds, to be sold to the farmers at 7 cents a pound plus freight which brings the average cost in Minnesota to about 13 cents. Order blanks have been placed in the hands of the county agents. The county agents distribute these among the bankers of the various communi-

ties. The farmers, wishing to get supplies, place their orders with the bankers, who turned the filled out orders back to the county agents, by whom they are sent to the University men in charge. About 11 carloads of the explosive have already been distributed among northern farmers, and the demand will doubtless increase with the work of this week and next.

From Brainerd the train and co-operators go to Aitkin for a demonstration tomorrow. The rest of the schedule is: Remer, May 18; Walker, May 20; Tenstrike, May 22; Little Fork, May 24; Duluth (Jackson Community), May 25; Cohasset, May 26; Hill City, May 27.

Dinner was served for those witnessing the demonstration today, and for the land-clearing crews, by the ladies of the Oak Lawn Farm Bureau.

### PRESIDENT WILL GIVE FINAL WORD ON BONUS BILL

(By United Press.) Washington, May 15.—President Harding this week will give his final word on the soldier bonus bill pending before the senate, it was learned at the White House today.

Senator Smoot, of Utah, called at the White House to discuss his bill confining the adjusted compensation to long term insurance. He talked with the president for an hour, but declined to indicate Harding's view of his measure. If his measure is defeated in the senate, he will seek to have the sales tax incorporated in whatever bonus measure is passed, he said.

### ATTORNEY GENERAL GOING AFTER WAR GRAFTERS HARD

### IS FORMING "FRAUD CABINET" OF LAWYERS TO ASSIST IN THE PROSECUTION

(By United Press.) Washington, May 15.—Assurance of quick enactment of two bills providing Attorney General Daugherty with money and machinery for the prosecution of war grafters, was given by republican leaders today as the house convened.

Daugherty is forming a "fraud cabinet" of lawyers to aid in the prosecution.

One of the bills appropriates \$500,000 to the department of justice and employment of special investigators and counsel, and the other creates a special grand jury in the District of Columbia.

Daugherty told congress in the recent message through President Harding that it is his plan to empanel the special grand jury immediately upon authority being granted, and lay before it at once evidence of fraud in contracts which fall under the jurisdiction of the court here.

Attorney General Daugherty, back at his desk today after a vacation with the presidential party in New Jersey, was giving immediate attention to the task of forming his "fraud cabinet," which he said will consist of some of the best lawyers in the country.

Daugherty's first move after the \$500,000 is given him by congress will be to get in touch with the heads of bar associations all over the country and ask them to co-operate with him in getting eminent lawyers to give their services to the government in the graft cases, and \$10,000 a year maximum salary laid down in the house appropriations bill.

Twenty or 25 attorneys will be employed under the present plans.

### House Passes Bill

Washington, May 15.—The house today provided Attorney General Daugherty with an appropriation of \$500,000 with which he promised to prosecute war grafters and recover millions of dollars.

The bill was passed with little opposition.

### PROPOSE GENOA PARLEY ADJOURN UNTIL IN JUNE

### WHEN DELEGATIONS OF THE ALLIES AND RUSSIA WILL MEET AT THE HAGUE

### U. S. IS FORMALLY INVITED TO JOIN CONFERENCE RUSSIANS ARE TOLD

(By United Press.) Genoa, May 15.—"We propose to meet the Russians at The Hague around the same table on terms of absolute equality," Lloyd George announced today, explaining the allied plan to adjourn the Genoa conference.

"This is our final move. If they refuse, we have nothing to say further. I sincerely hope the United States will accept our invitation to be present."

Genoa, May 15.—The political sub-commission of the Genoa conference today sent a reply to the latest Russian note proposing that the Genoa parley adjourn until June, when delegations from the allies and Russia will meet at The Hague.

The United States has been formally invited to join the Hague conference, the Russians were informed.

The suggestion that the United States be invited came from the French. The idea seemed to be that the Russian negotiations here had broken down because Russia wanted credits, and the allies could not supply these in sufficient quantity. The United States is to be invited in order that she may supply these credits.

The plan for The Hague is for the allies and the United States to meet and appoint a single committee of experts to meet Russia in whose hands the entire problem of relations and credits can be placed.

### Decline to State U. S. Position

Washington, May 15.—State department officials today declined to indicate what America's answer would be to the allied invitation asking that the United States participate in an inter-

national conference on the Russian problem, starting at The Hague June 15th.

The invitation, as forwarded by Ambassador Child, from Genoa, was received by the state department at 10 o'clock this morning.

Russia Accepts Hague Bid Genoa, May 15.—Russia today accepted the allied invitation to a conference at The Hague next month.

Rakouski made the announcement on behalf of the Soviet delegation. However, he condemned the allies' plan of having two commissions instead of a single mixed one in which Russia would be represented.

The Russian spokesman declared he did not expect any good results from The Hague meeting to which the allies have invited the United States as well as Russia.

Germany Makes Reparations Payment Paris, May 15.—Germany today paid the allies 50,000,000 gold marks due for reparations.

### 45 BOOTLEGGERS PAY \$6,800 FINES

Minneapolis, May 15.—More than 150 men charged with violations of the federal prohibition laws are scheduled to come before Federal Judge Tillman Johnson in St. Paul this week when an effort will be made to clear the calendar of accumulated cases before the opening of the June term of court.

Forty-five bootleggers were disposed of Saturday within two hours. All of them were fined by Judge Johnson. The fines totaled \$6,800.

Another special liquor session will be conducted by the court today in an effort to dispose of the remaining cases.

### SHERIFF CHAFIN TESTIFIES IN MINERS' TRIAL

(By United Press.) Carlston, W. Va., May 15.—Sheriff Don Chafin, regarded by the organized miners of West Virginia as their worst enemy, today took the stand for the prosecution in the treason trial of William Blizzard, youthful miners' leader. Chafin was brought into court under escort.

## AUTO SPEED FIENDS CAUSE 21 DEATHS

And Close to One Hundred Others Are Injured Throughout the United States

Below is Given List of Automobile Casualties Occurring in Last Twenty-four Hours

Twenty-one persons met death in automobile accidents throughout the United States Sunday. Close to one hundred others were injured, four of them probably fatally. Speeding automobiles out of control accounted for most of the tragedies. In two instances autos were stalled in the path of trains. Nine of the 21 persons killed were pedestrians.

New York.—Five dead, 10 injured. Infant daughter of Joseph Laputkin died when a runaway truck crashed into the baby carriage. Bruce Drummond, 8, Thomas Newell, 5, run over and killed. Gustav Schlegass died of injuries. Mrs. Julia Kershaw killed when car skidded.

Troy, N. Y.—Two injured, one seriously. Mrs. Julia Kershaw killed when car skidded. Troy, N. Y.—Two injured, one seriously. Mrs. Julia Kershaw killed when car skidded.

Flint, Mich.—One dead. Paul Knute, 14, student at the school for deaf had his skull crushed when struck by an automobile.

Detroit.—One dead, six injured. Gladys Morelli, 2-year-old daughter of Tony Morelli, killed when taxicab collided with street car here. Parents, two sons, sister-in-law and friend seriously injured.

Monroe, Mich.—Two dead, one injured. John Passie, 32, a painter at Toledo, was killed near here when an automobile skidded.

St. Paul.—Motorcycle Patrolman Frank Lavacek, forced against curb. Leg crushed and amputated. Four others injured in auto crashes.

Minneapolis.—Three seriously hurt, six injured in accidents.

Chicago.—Two dead. Frank E. Wagner killed when hit by auto. George Wells, actor, killed when auto collided with truck.

Milwaukee.—Five injured, one seriously. Frank Keller, 7, skull fractured when hit by automobile.

Mexia, Texas.—Two women killed and three other persons severely injured.

### COLLAPSE OF GENOA MEET CALLED NEAR

### ANGLO-FRENCH DEADLOCK OVER RUSSIA HOLDS-REDS INSIST ON EQUALITY

### BRITON DECLARES WHOLE FATE OF EUROPE RESTS ON NON-AGGRESSION TREATY

Genoa, May 15.—The French government through Louis Barthou, its chief envoy at the Genoa conference, appealed to the United States to join the allies in solving the Russian problem.

The appeal was made by the French after they had rejected Premier Lloyd George's compromise proposal for one or more mixed commissions to investigate conditions in Russia and to arrange a truce of non-aggression for Europe, including Russia.

Barthou declared it was impossible for a special mixed commission to accomplish anything for Russia in view of the failure of the Genoa conference. France, he declared would never consent to Russia being on the commission. France wanted only allies, the United States and neutrals.

"Everybody regrets the absence of the United States government from the Russian discussions," said Barthou, "and we should not neglect this opportunity to secure the co-operation of the United States."

The Genoa conference appeared over as far as the objects for which it was originally called, are concerned.

It may continue a fortnight more, but it will be upon a new basis.

Louis Barthou and Premier Lloyd George agreed to conclude the conference on Tuesday or Wednesday with a plenary session, it was authoritatively reported.

### POLICE TERRORISM TO DISCREDIT LABOR IS NOW CHARGED

### BY SECRETARY OF CHICAGO FEDERATION OF LABOR BECAUSE OF LABOR LEADER ARRESTS

(By United Press.) Chicago, May 15.—Police terrorism to discredit organized labor was charged today by Edward Nockles, secretary of the Chicago Federation of Labor in denouncing the wholesale arrests of union heads.

Nockles declared police and prosecutor were working "hand in glove" with the open shop advocates.

Framed evidence by highly paid detectives attempting to disrupt labor lead to the arrest of scores of innocent labor leaders, Nockles declared in an interview.

"The Citizens Committee to enforce the Landis award has \$3,000,000 with which to carry on its fight," Nockles declared. "Money is no object to them—their shock fund will be replaced as rapidly as it is depleted."

"Private detectives in the pay of the committee have made every effort to frame evidence on the labor chiefs."

"The wholesale arrests of labor heads is merely an alibi for the Chicago crime wave which police are powerless to stop and with which labor heads have no connection."

"When two policemen are killed under mysterious circumstances, and three buildings dynamited, labor officials are arrested by the dozen and held in jail without bail. There is no question but what 'Big Tim' Murphy and 'Con' Shea and Fred Mader, who now stand accused of murder, had no knowledge of the outbreak."

Nockles said Chicago labor would continue to fight the Landis award in a quiet and lawful manner.

"Our chief efforts now are to prevent ourselves being made victims of framed evidence," he declared.

### SUPREME COURT HOLDS FUTURES TRADE ACT INVALID

(By United Press.) Washington, May 15.—The futures trade act which went into effect December 24, 1921, was held invalid by the supreme court. The decision saved the Chicago Board of Trade and many smaller grain exchanges over the country from what was claimed to be virtual ruin.

### COUPLE ROBBED OF JEWELRY, MONEY IN MINNEAPOLIS

(By United Press.) Minneapolis, May 15.—Miss Lulu Thykeson and O. A. Moeen, of Manchester, Minn., were robbed of \$250 in money and jewelry last night by bandits who were "as nice as they could be," according to Miss Thykeson. They politely requested jewels and money alleging they needed the money.

### THE INTERNATIONAL CONFERENCE CALLED BY PRES. HARDING

### TO REMOVE CAUSE OF FRICTION IN SOUTH AMERICA MET IN WASHINGTON TODAY

(By United Press.) Washington, May 15.—The important international conference called by President Harding to remove a cause of friction in South America, opened here shortly after noon today.

In the beautiful hall of the Americas, delegates of Chile and Peru began their conference through which it is hoped to settle the forty year old controversy between the two nations Vacna-Arica territory.

Secretary of State Hughes opened the parley with an address of welcome in which he expressed the hope of the United States for a settlement of the dispute. Spokesmen for Chile and Peru pledged their delegations to conciliatory efforts to reach an agreement.

"Perhaps no event," he said, "has ever been contemplated by the American republics with deeper interest and fervent hopes. The only relief for the troubled world is in resort to the processes of reason in lieu of those of force. Direct and candid interchanges, a sincere desire to make an amicable adjustment, the promotion of mutual understanding and the determination to avoid unnecessary points of difference in order that all attention may be centered upon what is fair and practicable, these are of the essence of the process of reason."

### PROSECUTION SCORES IN GOV. SMALL TRIAL

### WITNESS TESTIFIES SMALL KEPT SPECIAL ACCOUNT FOR GRANT PARK BANK

(By United Press.) Waukegon, Ill., May 15.—Len Small's conduct of the state treasury was told today by the state's first important witness in the governor's trial on charges of conspiracy to rob the state.

Harry E. Luehis, assistant in the treasurer's office during the last three administrations, who stands for prosecution against Small, his chief. The witness backed up the opening statement of the state by declaring Small, who served as treasurer from 1917 to 1919, started a "face account" in his office during his incumbency. The witness said that all records or deals with the Grant Park bank was kept in this account, while records of other banks were kept in a vault account.

The state, through Luehis' testimony, sought to trace alleged trail of state funds from the treasurer's office during the two terms to the Grant Park bank.

### WHO ATTEMPT TO HOLD UP GOLDEN STATE EXPRESS

TAKES RIFLE AND WHEN MAGAZINE IS EMPTY ONE IS DEAD, SEVEN ARE FLEEING

### ONE HUNDRED MEN ON COW PONIES PURSUING ROBBERS WHO ARE IN FLIVVER

(By United Press.) Tucson, Ariz., May 15.—The old west returned today when one hundred men armed with six-shooters and riding the pick of Arizona cow ponies, trailed off over the desert on the trail of seven fleeing train robbers. The men fleeing in flivvers, the modern mount of the train robber, held up the Golden State Limited near here shortly after midnight.

The train, speeding across the desert, was brought to a sudden jarring stop with the explosion of half a dozen torpedoes placed on the rails by the robbers. True to the traditions of old days of the pony express, it was the express messenger, Harold Steward, who broke up the robbers. He took his heavy rifle from where it hung in the express car, and when his magazine was empty, one bandit lay dead and the other seven were fleeing.

Word of the robbery was telephoned to Tucson and in two hours four posses each headed by a deputy sheriff had taken the trail.

The trail lead southward toward the Mexican border, less than one hundred miles distant, but over a desert country where water holes are few and far between.

The train, when stopped by the bandits, was cut in two, the engine and express car being moved down the tracks nearly a mile from the passenger coaches. Just as the bandits were to begin work on the express car, Steward opened fire and the robbery was over.

The engine and express car were shoved back down the track. Passenger coaches were backed up and the train proceeded toward Los Angeles where it was due today.

Many of the passengers were not aware that anything out of the ordinary had occurred.

### WITH DISORDERS IN IRELAND ON THE INCREASE

### THE IRISH DISPUTANTS AGAIN TURN TO GREAT BRITAIN FOR ASSISTANCE

(By United Press.) Dublin, May 15.—With three dead in the Belfast street fighting last night, Soviet rule in Carrick-on-Suir, where transport workers held a creamery, and rebellion against the Free State again rising up, Ireland will once more turn to Great Britain for assistance in a peace settlement.

Sir James Craig, Ulster premier, and Michael Collins and Arthur Griffith, probably will meet with Winston Churchill and others of the British cabinet in London this week in further efforts toward peace in Ireland.

The Dail Eireann's own peace committee started a meeting at 9 o'clock last night which did not adjourn until half past one this morning.

The conferees meet again this afternoon. It was rumored the conference's discussion took a favorable turn.

## Brainerd's Birthday Party

Brainerd's oldest bank, the First National, was established when our city was a nine year old village. Its history is closely interwoven with the history of Brainerd and Crow Wing County. It was an important factor in the growing prosperity of both city and county.

And it will do its full share to make Brainerd's fiftieth birthday a great event. The celebration will take place the first week in July.

### OBITUARY

Rebecca C. Flickwir

(From Daily Illinoian Star of Apr. 26)

Rebecca C. Norbury, daughter of  
Charles J. and Elizabeth Norbury, was  
born in Beardstown, Ill., Jan. 27, 1840,  
and died at the home of her son, Joe  
W. Flickwir in Primero, Col., April  
18th, 1922, aged 82 years, two months  
and 22 days. She was the eldest of  
thirteen children and her early girl-  
hood was spent in Beardstown.

She was married October 22, 1861,  
to D. H. Flickwir, the ceremony being  
performed at the family home built in  
1848 at 207 West 5th St., on the site of  
the residence now occupied by Mr.  
and Mrs. W. D. Epler.

Mr. and Mrs. Flickwir established  
their home at Jersey Prairie moving  
a few years later to Chandlerville,  
and finally settling on a farm near  
Beardstown, where they resided until  
the death of Mr. Flickwir, which oc-  
curred May 23, 1879. The family then  
moved to this city.

Mrs. Flickwir was the mother of  
eight children, six sons and two  
daughters, one son and one daughter  
died in infancy and another son in  
early youth. Four sons and one  
daughter survive—J. W. and D. H.  
Flickwir of Los Angeles, Cal., Joe C.  
of Primero, Col., Dr. A. H. Flickwir  
of Houston, Texas, and Mrs. L. N.

Wallace of St. Paul, Minn. There are  
also eleven grandchildren and three  
great grandchildren, four sisters and  
one brother—Mrs. O. H. Kuechler of  
San Rafael, Cal., Miss Elizabeth Nor-  
bury of Denver, Col., Mrs. G. B. Heg-  
ardt of Portland, Ore., Mrs. W. D. Ep-  
ler of Beardstown, Dr. Frank P. Nor-  
bury of Jacksonville, besides a large  
number of other relatives and friends.

Mrs. Flickwir retained her member-  
ship in the Congregational church of  
this city and was the oldest member  
enrolled. For more than twenty-five  
years she had charge of the infant  
class in the Sunday school and was  
active in all church and Sunday  
school work. In 1902 she left this city  
and has since made her home with  
her son Joe, residing successively at  
Brainerd, Minn., Los Angeles, Cal., Ar-  
row Rock, Idaho and Primero, Col.

A devout Christian from her youth  
up Mrs. Flickwir was an ideal wife  
and mother, a kind neighbor and true  
friend. Tho having more than four  
score years she was always keenly in-  
terested in the world's affairs and re-  
tained her youth to a remarkable de-  
gree.

A short but very impressive burial  
service was held yesterday afternoon  
at Oak Grove cemetery, Rev. A. E.  
Peddoes officiating. Music was fur-  
nished by a quartet composed of the  
Misses Johanna Brodman and Ruth  
Dieterich and Messrs. James Brad-  
man and John Green.

Despite the flood a number of old  
friends and neighbors attended the  
services. Those present from out of  
town were: J. W. Flickwir of Los  
Angeles, Cal., Joe C. Flickwir of Prim-  
ero, Col., and Mrs. L. N. Wallace of  
St. Paul, Dr. Frank P. Norbury, Dr.

Garm Norbury and Earl Epler, all of  
Jacksonville.

### MEET THEM WITH A SMILE!

The enormous size of the undertak-  
ing is fully realized by every member  
of the executive committee and all the  
subordinate committees of the Fiftieth  
Anniversary Home-Coming celebration  
and every man on these committees is  
anxious that the people of Brainerd  
assume at least a small share of this  
heavy load.

"How can we help?" is the question  
asked.

One of the ways every citizen can  
assist in making the Home-Coming  
Week a success, is by sending to the  
secretary of the Chamber of Com-  
merce names of former residents of  
Brainerd—relatives or friends—and  
ask the committee for printed invita-  
tions to enclose with letters, which  
they are writing to friends or rela-  
tives.

Every merchant in town can assist  
by providing his store with sufficient  
merchandise to insure supplies to the  
crowds who will come that week and  
have sufficient help to give as good  
service as possible.

Every restaurant and hotel man can  
assist by enlarging his capacity to  
serve meals and lodging.

Let's all keep in mind that, no mat-  
ter how busy we are or what annoying  
situations may arrive, that,  
WE MEET THEM WITH A SMILE!

And Save All Risks.

There is no excuse for murder now-  
days. By waiting awhile, you may  
live to read that your enemy killed  
himself with his motorcar.—Kansas  
City Star.

## OUR LOANS TO EUROPE

BRITISH propaganda circulated in this country at present aims to show that the recovery of Europe is impossible unless America supplies the money. There is also much verbiage showing why America should have been represented at the Genoa conference, why we should not adopt a protective tariff, and why we should accept payment in goods for the huge debts owed by Europe to the United States.

The trouble with Europe is not due to lack of American loans. More than \$11,000,000,000 have been advanced to European governments by the American Treasury, about a quarter of it since the termination of the war. Many other billions of credit have been furnished by our exporters, who are hoping that they will some day receive payment for the huge sales they have made only on the promise of future compensation. Hundreds of millions of dollars have also been turned over to foreign governments, both national and local, by bankers in this country who have successfully floated various issues of their bonds.

If these huge extensions of credit had been devoted to purposes of reconstruction, as they should have been, there would have been less reason for calling the Genoa conference, and the laments from European propagandists would have lost their point. The truth of the matter is that while the United States has drastically cut its national budget, reduced its army and navy to the bare necessities of defense, and encouraged business to furnish productive employment to demobilized soldiers and others made idle by the cessation of war work, the nations of Europe have neglected to follow such a course.

SECRETARY OF STATE HOLM has turned \$5,418,396.52 over to the State Treasurer since Jan. 1, in the collection of motor vehicle license fees. And it is said that there are between 35,000 and 40,000 cars in the state upon which no licenses have been paid this year.

IT IS said that while the filings for the Legislature throughout the state are unusually large, they are not so numerous as those seeking nominations for county offices. In few counties are the present incumbents without opposition. The entries for the office of sheriff are the largest in the history of the state.

THE FORMER crown prince of Germany thinks the United States should have representatives at Genoa. The Internationalists are to be congratulated on this distinguished and influential recruit to their cause.

THE CRIME WAVE has spread to the rural districts in Minnesota. This ought to be a good argument for Gov. Preus' plan for a state constabulary. The times call for drastic measures.

TO THE Warren Register, it looks as if Congressman Johnson, of South Dakota, was engaged in a bit of grandstanding in the sensational charges he has made in the House.

## THE PROPOSED TUBERCULOSIS SANITARIUM

(Communication)

BRAINERD is fortunate in having in its Chamber of Commerce a live, active, energetic organization of "boosters" who are ever on the alert for opportunities to build up our growing young city. However, there appears to be a growing sentiment among our citizens that the matter of securing the location of a sanitarium for the treatment of tubercular patients in or near the city, which was favorably acted upon at a recent meeting of the Chamber, should be most carefully considered from all angles before any further action is taken.

Our older citizens no doubt remember that the late Dr. J. L. Camp, a physician of the highest standing and of recognized ability who practiced his profession in Brainerd for many years, was one of three members of the commission appointed by Governor Van Sant in 1901 to locate a state sanitarium for tuberculosis, and that a location four miles from Walker was decided upon. It was very generally known at the time that Brainerd could have had this sanitarium, but Dr. Camp strongly advised our citizens against it, and his advice was heeded.

Dr. Camp's objections were professional, and were based largely on the danger from infection which would be possible because of the presence of a large number of people in all stages of the disease in the community. Of course, the patients are necessarily under certain restrictions in the sanitarium, but these restrictions, it is claimed, are not always faithfully followed when they visit the nearest town, which they frequently do.

Dr. J. A. Thabes, one of our leading physicians, and a member of the commission that located the Crow Wing-Aitkin county sanitarium near Deerwood, takes strong ground against the location of the proposed hospital in or near Brainerd. Dr. Thabes has for many years been a consulting physician at the Walker sanitarium, and therefore thoroughly understands the situation there, and the sentiment of the Walker people. He makes the same objections as Dr. Camp, and besides points out that there are many persons afflicted with tuberculosis who, knowing of the location of a sanitarium in a certain community, take it for granted that the climate there will help relieve them, and are consequently attracted from all parts of the country, but do not enter the sanitarium. These people are, of course, under no restrictions of any kind. Another point raised by Dr. Thabes is that the location of such a sanitarium in a community often has the effect of keeping timid people from locating in the town which may be nearest the institution. He presents other equally strong objections, and as he is very much interested in the matter this statement of his position is made with his knowledge and consent.

The writer of this article, being a layman, does not pretend to be an authority upon hygiene, and certainly does not want to discourage the members of the Chamber of Commerce in the good work they are doing, his only object being to call their attention to the foregoing facts, so that they may fully investigate them, as we believe they will, before proceeding further.—A. J. H.

WATER & LIGHT  
BOARD COMMENTS

The Water & Light Board has had a pamphlet printed in which it sets forth the purposes of the proposed amendment and bond issue to be voted upon May 25th. These pamphlets will be distributed to every consumer of water and light and all are urged to read it carefully. Beginning with the issue of the Dispatch for the 15th instant, we reprint a portion daily to make sure that all will study and learn. Special meetings will be conducted in different places about town where these questions can be discussed.

## Two Things—Bond Issue and a Charter Amendment

At the special election on May 25, 1922, the voters will be asked to mark two ballots. One ballot will ask them to say YES or NO as to a bond issue and the other will ask them to say YES or NO as to an amendment to the city charter.

Although the subjects bond issue and amendment denote quite different things, the two things involved this time are related one to the other and it is impossible to discuss the one and not the other. To vote favorably on the bond issue you ought to vote favorably also on the amendment. Not to vote favorably on the amendment will have far-reaching significance for some time on the rates you will pay for various services.

It will be the purpose to explain what is involved in each proposition, why the two propositions should be acted upon favorably, and why they are important to city and citizens. There is no camouflage about these matters, and the Board welcomes the opportunity to explain to the public a few of its puzzling problems. Your answer to them are what we are seeking. We present two matters of great significance and they should not be treated lightly or ignored. Even if your first impulse is to oppose these measures, stop and give them close study and you will be convinced that these projects are being proposed because they are sound in principle and are intended as benefits to yourself. Whether they actually are to be benefits rests upon your vote.

**The Purpose of the Amendment**  
The charter at present provides the city council with fifteen different funds for each of which money is raised by taxation. Each fund is allowed a specified amount, which is expressed as so many mills on the assessed valuation of the city. The money in any one fund can be used for only the purposes described in the charter, and the spending of those monies is wholly in the control of the city council. One of these funds is known as the Hydrant Rental, Street Lighting and Electric Power Fund and the levy is limited now to three mills. The money in this fund is used to pay for fire protection service—or hydrant rental as commonly called, and for electric current for street lighting and power for the city, and the upkeep of existing street lights and the installation of new extensions. The purpose of the proposed amendment is to raise the levy for this fund from three mills to six mills.

## What Three Mills Amounts To

The assessed valuation of the city now and for some time will range between \$2,750,000 and \$3,250,000, wherefore it will be proper to speak of the assessed valuation as being \$3,000,000. We need take no account just now of taxes not paid. A three-mill levy means that the Hydrant and Electric Light and Power fund receives now \$9,000, and a six-mill levy yields \$18,000. To ask for twice as much money must indicate at once that the necessity and desirability of raising the present levy must be urgent.

(To be continued tomorrow.)

Locals Win First Game of Their Season at Pine River on Sunday Afternoon

**POUNDED UP TWO PITCHERS**  
Game Delayed by Frequent Showers. Infield Made Soft and Soggy—Stallman Local Pitcher

In a game marred by dashes of rain which converted the Pine River field into soft, mushy consistency, Brainerd won 7 to 4 from Pine River Sunday afternoon. Stallman pitched a good game. His battery mate was Gaskill.

Pine River's pitching staff included a right-hander and a portside, but Brainerd's batting eye was keen and they bumped the offering of both.

In one inning Pine River's third baseman tried to back up the first baseman on a high fly and they bumped heads and the ball bounced away.

## PETTY GRAFTERS ARE VICTIMIZING THEM

St. Paul, May 15—Petty grafters are victimizing patrolmen on Minnesota trunk highways—so-called Babcock roads. In addition to mending and smoothing a 5-mile section of the trunk route, each patrolman is expected to give free help when needed by highway users, highway officials said, but financial aid is not included.

Stories of organizing a patrolmen's union to put pay back to 65 cents an hour and others of issuing a patrolmen's journal were used to get sums ranging from \$1.25 to \$2.98 from a number, F. O. Nelson, district maintenance superintendent at Montevideo reported to the highway department. Receipts signed "G. Dennen" were given but they were on magazine club offer blanks. "Senator Cappe" was said to head the movement which would mean better days for patrolmen. Patrolman C. T. Opedahl outsmarted the solicitor by stopping payment on his post-dated check.

The "organizer" is described as a heavy set man, red face, brown hair, brown checked suit, accompanied by a woman. He drove a Dodge car and, worst of all, in lieu of license plates it carried cards printed with "License Applied For".

Warnings were sent out from the highway offices to the patrolmen to be on their guard—to pay no money and sign nothing.

## ELKS TO CROWN 10 WITH ANTLERS

Class to be Initiated at the Meeting on Thursday Evening, May 18, at Elks Hall

**SPECIAL MEETING ON MAY 15TH**  
Arrangements to be Made at Regular Session for the Observance of Flag Day on June 14

The next regular session of Brainerd Lodge No. 615 of the Elks will be held on Thursday evening, May 18, at Elks hall. The finishing touches, says Exalted Ruler J. J. Nolan, will be administered to a class of about ten fawns on that occasion, and while each candidate will receive due notice to appear, those members who proposed their applications should make sure that their favorite candidates will be on hand. This may be the last initiation until next fall.

In order that all pending applications may be disposed of and the applicants ready for initiation at the next regular session, a special session of the lodge will be held on Monday evening, May 15, for the purpose of receiving reports of committee on applications, and balloting on applications.

At the regular session on May 18, all arrangements will be made for carrying out the proper observance of Flag Day which falls on June 14.

In accordance with Elks bylaws, the lodge will hold but one session a month, the first Thursday, during the months of June, July, August and September.

The matter of entertainment and refreshment for the next regular session is in the hands of the house and social committee, of which Clyde E. Parker is chairman.

### MARRIED MEN WIN

**West Side Married Men Defeat the Single Men There Sunday by a Score of 11 to 8**

West Side married men defeated the West Side single men 11 to 8 in baseball on Sunday afternoon. These teams have just been organized and will doubtless play all summer if their wives and mothers let them. The captains of the teams are getting chesty and will soon issue challenges to other Brainerd teams.

The married men won, said the single "fellers," because they are more used to dodging and running and thus were in better physical training. Next Sunday, however, the single "fellers" expect to show them a few things.

### W. C. T. U.

The W. C. T. U. will meet May 15, at 2:30 in the Y. M. C. A. parlors. Members are urged to be present.

Mrs. Josephine E. Sizer, State President of the W. C. T. U. will speak on Wednesday evening at 8 o'clock in the Swedish Baptist church. This is a community meeting and everybody is welcome. No admission is charged.

### NOTICE

At the Parent-Teachers meeting to be held tomorrow evening, May 16th in the Washington school building, members of the Water & Light Board will be present to explain and discuss the Bond Issue for Water System and Amendment to the city charter for additional hydrant rental.

All voters in the Fifth ward are urged to attend. Meeting is called at 7:45 p. m.

### "Sweden Today"

"Sweden Today", moving pictures will be presented at the First Methodist church Friday and Saturday, May 19 and 20, at 7:30 o'clock. They will be shown under the auspices of the Camp Fire Girls.

## SUCKER SOUP IS SERVED SATURDAY

Ancient and Honorable "Sucker Club" Has First of Its Epicurean Feasts

**SEINED 400 POUNDS OF FISH**  
Delicious Soup Excelled Anything Any Canned Soup Ever Manufactured

The ancient and honorable "Sucker Club" had a resumption of its stew and soup program Saturday when a dozen charter members and their families gathered at Cliff Albright's cottage at Hubert and made a couple of passes with the seine and secured 400 pounds of suckers.

Everybody was chef or assistant and sucker soup was soon made and served to the delectation of all present. It was seasoned just right and all the members and their families and friends said it was the best flavored soup served since 1890. Another soup jamboree will be held next week.

In the meantime the secretary and treasurer of the organization are repairing two twists in the seine where it is believed several hundred pounds of suckers slipped through when the last haul was made.

### IN MUNICIPAL COURT

**Various Cases Heard by Judge J. H. Warner in Municipal Court This Morning**

## U. C. T. TO HAVE LADIES NIGHT

Entertainment Committee of United Commercial Travelers Arranges Event for Saturday, May 20

**DANCING BEGINS AT 9:30 P. M.**  
Secretary Paul G. Clarkson Writes Personal Letters to All Members of Council No. 545

It's to be ladies night at the United Commercial Travelers of America Council No. 545 on Saturday evening, May 20.

In a letter to members of Brainerd Council, Secretary Paul G. Clarkson writes, in part, as follows:

"The entertainment committee has arranged an informal party for Saturday night, May 20, and have decided it is only in line with the big U. C. T. idea to invite the ladies to join us, so I have been requested to write you under personal cover and ask that you make this a definite appointment for that evening, but do not come alone.

"Bring the wife, or if you do not have a perfectly good wife, your sister, a friend or sweetheart.

"Also invite some gentleman friend to join you with his best lady and let them see what the U. C. T. is and what it really means to you and the community in which you live.

"Be there promptly at 8 o'clock, bring your friends at that time and entertainment will be provided for them while we hold a short snappy meeting. Dancing will begin at 9:30 sharp and the rest of the entertainment will also be worth while. If you

### Actors Face Death Swimming Rapids

It is no easy task to man a canoe through the rapids of the rivers in the mountains of northern Oregon. It is doubly difficult to go through these rapids in a paddleless canoe toward great falls without a serious accident occurring. Yet this is just the feat that Pauline Starke, the heroine of Vitagraph's "Flower of the North," performed.

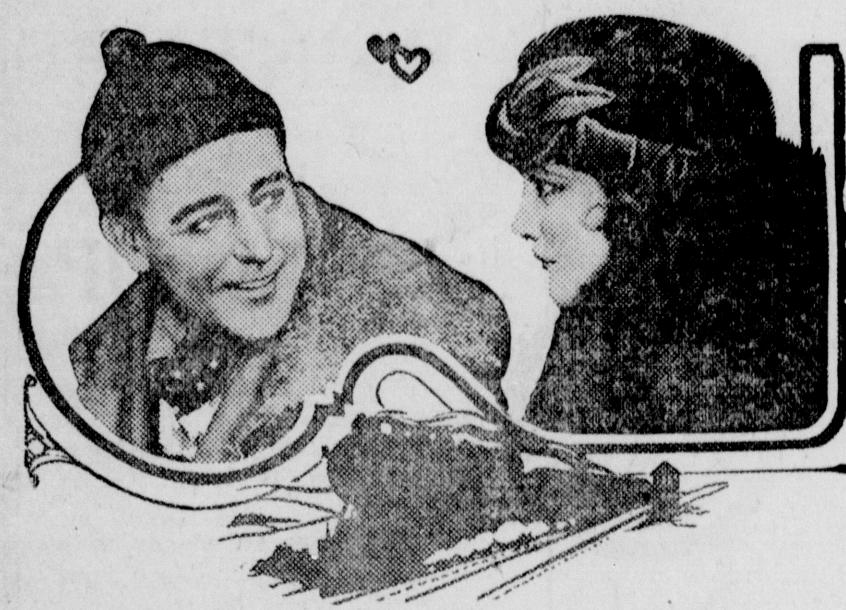

This brave girl faces death in order

to make one of the most thrilling scenes in the production. She overturned the canoe a hundred yards above the falls at a point where the water was rushing on at a rate of 35 miles an hour. For several moments she breasts the current waiting for Henry B. Walthall, the hero of the production, to swim out and rescue her.

When the scene was completed, and

the two players safely ashore they were really exhausted, and it required a rest of several hours before they were able to continue the scenes.

"Flower of the North," which will be shown at the New Park tonight and Tuesday, is based upon a novel by James Oliver Curwood, and is considered one of his best works. An all-star cast under the direction of David Smith was engaged for the film.

Wallace Reid and Agnes Ayres in the Paramount Picture, "The Love Special"

To drive some sort of machine, be it an automobile or a locomotive, is all in the day's work for Wallace Reid, the athletic Paramount star. In "The Love Special," which comes to the Lyceum theatre tonight and Tuesday, Wally drives a railroad engine over a mountain in a driving snowstorm with the same ease and poise he displays when at the wheel of a roadster in a gruelling auto race.

"It was great sport to feel the big engine pick up as I pulled the throttle," said the star, "but I felt lost without a steering wheel. At times when we went around a sharp curve, I would instinctively grab for the wheel, only to remember that I was in a locomotive and didn't have to do

patrolman Frank Lavacek while on duty Sunday.

Lavacek was forced into a curb when H. W. Gage whirled a machine around a corner making an improper turn, according to police. Gage was held for thorough investigation.

### CHILD LABOR LAW IS HELD INVALID

(By United Press.) Washington, May 15.—The second attempt of congress to stop child labor was held unconstitutional by the United States supreme court today.

The high court ruled that a pact imposed by congress on child labor and its products with a view of eliminating the working of children was illegal. The rule was on an appeal from a North Carolina court.

### Suicide at Winona

Winona, May 15.—A plain case of suicide was the verdict of Coroner McLaughlin today after an investigation of the death of Albert Herman, 21, son of a shoe cobbler.

Herman shot himself at his home last Sunday afternoon and died two hours later in a hospital.

No reason for the act has been learned.

### TENTH ANNUAL CONVENTION OF C. C. OF U. S. CONVENES

(By United Press.) Washington, May 15.—Washington today assumed the role of business capital of the country as hundreds of the keenest minds in industry and finance gathered here for their tenth annual convention of the Chamber of Commerce of the United States.

Four days will be devoted by the convention to the task of mapping out a route to complete economic rehabilitation.

While the sessions will not begin until tomorrow, the work of selecting 17 members of the board of directors was started today. Thirty-one men are candidates.

Discussions tomorrow will revolve around economic conditions in Europe and the effect upon America.

Washington, May 15.—For the seventh time, the children crusaders called at the White House today seeking an audience with President Harding that he would release their fathers who are political prisoners.

The president again declined to see them.

## WRECKS NERVOUS SYSTEM WITH HEADACHE DOPE!

### Victim Thankful for Recovery After Taking Well-Known Remedy

Any reliable physician will tell you that thousands of people are today suffering from various serious ailments brought on by the use of so-called headache tablets, powders or capsules. These remedies are only temporary in their nature and leave the system in an exhausted condition. Read what one victim of headache powders has to say on the subject:

"I feel that if anyone can recommend Dr. A. W. Chase's medicines I certainly can. I suffered for ten years from severe headaches, and although I took all kinds of headache powders they just relieved me at the time. I became very nervous and run down and everything seemed to trouble me. I have taken eighteen boxes of Dr. A. W. Chase's Tonic Pills and it has made an entirely new person of me. I feel that I could not have lived without them. I do not have one headache now for every

hundred I used to have, and my nerves are good and strong." Mrs. Lena A. Smith, Country Harbor Cross Roads, N. S.

Dr. A. W. Chase's remedies can be obtained at any first class drug store. To be sure of getting the genuine, see that the portrait and signature of A. W. Chase, M. D., are on each box. This trade mark is your protection against imitations and substitutes. —Advertisement. 6
